1 Movies

THEN SAY THIS

“I've got my eight-year-old niece with me, so nothing scary.”

SCAN THIS

Five films become two — and the age ratings appear on the ones that stay.

Scan, tap once, and say the line. Everything before this step is already chosen for you.

2 Cinemas

MAESTRO · UIST 2026

THEN SAY THIS

“I'm not driving more than 15 miles, and I don't want to pay for parking.”

SCAN THIS

Two cinemas drop out, the rest reorder by distance, and the miles appear.

Scan, tap once, and say the line. Everything before this step is already chosen for you.

3 Dates

THEN SAY THIS

“It has to be the weekend.”

SCAN THIS

Six days on the calendar, two left standing.

Scan, tap once, and say the line. Everything before this step is already chosen for you.

4 Showtimes

MAESTRO · UIST 2026

THEN SAY THIS

“Nothing before 8, and I need to be out by 11.”

SCAN THIS

Sixteen showtimes narrow to three — and the end times appear beside them.

Scan, tap once, and say the line. Everything before this step is already chosen for you.

THEN SAY THIS

“Two seats together, toward the back — not the front rows.”

SCAN THIS

The pairs that actually fit light up, in place, on the map you were already looking at.

Scan, tap once, and say the line. Everything before this step is already chosen for you.
